

## Be a Downright Excellent star – help provide us with a regular income!

We enable children in London with Down syndrome to maximise their potential. We do this through the provision of therapies, high quality play and support for families.

Our services are giving children with Down syndrome the chance to live happy, independent lives.

But funding our services is tough. It is becoming harder to win grants and as local authority speech and language, and occupational therapy are cut further, greater numbers of children with Down syndrome and their families want our help – nearly 100 children this year.

The family contribution towards our services only covers 15% of the income we need to function.

Every month we need to cover the cost of: venue hire; therapist, administration and management fees; materials; and equipment.

This is where you, your friends and family can help.
